2002 gtx rfi has new engine put in 2 years ago. Has less than 15 hrs on motor. Tried to run it this year. Think it has a electrical issue. Cranks and runs. Shuts off shortly after. I bought the motor newly rebuilt through SBT. Had it installed by Casey Harbor in mantachie.

The other is a 2002 seadoo gti. Runs great. Ive rebuilt jet pump on it 2 years ago. Wife rides it. Very dependable ski.

They both set on a duel trailer. Both skis ride 3 passengers. Was OTR last year. Both skis stayed in storage all year. KBB value on them is \$5,017.

I'll take \$3,500 for all.
